TO: SHERIFFS AND POLICE CHIEFS OF CALIFORNIA

FROM: JOSEPH MCCULLOUGH, DEPUTY DIVISION CHIEF

SUBJECT: ABC-OTS LOCAL ENFORCEMENT GRANT

Beginning October 1, 2017, the Department of Alcoholic Beverage Control (ABC), sponsored by the Governor's Office of Traffic Safety, through the National Highway Traffic Safety Administration, anticipates awarding grants up to \$25,000 to local law enforcement agencies to utilize the Minor Decoy Program, Shoulder Tap Program, and IMPACT Inspections. The grant operation period will be October 1, 2017 or upon federal spending authority (whichever is later) through August 31, 2018.

The goal of the Minor Decoy Program is to reduce the number of licensees who sell alcoholic beverages to minors. The Minor Decoy Program is a significant and effective tool for law enforcement officials in combating sales of alcoholic beverages to persons under the age of 21 years. Local law enforcement agencies began using the program in the early 1980's and on April 4, 1994, the California Supreme Court issued a unanimous decision upholding the use of underage decoys by law enforcement officials. As a result, Section 25658(f) of the Business and Professions Code and Rule 141 of the California Code of Regulations were established to provide the legal requirements for law enforcement agencies when conducting a decoy operation.

The Shoulder Tap Program targets adults who furnish alcoholic beverages to minors. "Shoulder Tapping" refers to the practice used by minors to obtain alcohol from adult strangers near off-sale retail outlets. An underage decoy approaches adults outside an alcohol outlet and requests that the adult purchase alcohol on their behalf. Data collected from prior Shoulder Tap Programs reflected one-third of the adults arrested for purchasing alcohol for minors were on parole, probation, had outstanding warrants or extensive criminal histories.

IMPACT (Informed Merchants Preventing Alcohol-Related Crime Tendencies) inspections focus on licensee education. Officers randomly select licensed outlets to conduct business friendly compliance inspections. The officers look for loitering, litter, graffiti, posted signs, lack of food service in restaurants, illegal weapons, or other violations. A checklist is used to note any violations observed and is given to the licensee. The licensee is then provided an opportunity to fix any problems. Follow-up visits are then conducted to ensure the licensee has corrected the problems. If not, the information is given to the local ABC office for possible disciplinary action.
